

**OUR BUSINESS CAN
MAKE YOURS SHINE**

About Us

Argonaut Community Enterprises has grown into a leading provider of soft facilities management creating employment opportunities for deaf and disabled people. Established in 2010 by two deaf people who both worked in employment services and saw the barriers deaf and disabled applicants faced in gaining employment so made it their mission to create opportunities to work.

Trading started mostly in domestic cleaning with some commercial delivery. Our commercial customers started asking us if we delivered other services. So, we went back to the drawing board and changed our business plan to incorporate garden maintenance and internal building maintenance. Every contract is tailored to our clients' specific needs. We pride ourselves on delivering a quality, customised service to all of our customers. Our staff are comprehensively trained in site Health and Safety, hold the relevant CSCS cards, and are provided with full PPE.

Our Best Services

Our customers range from small firms to large multi-national companies attracted by the Corporate Social Responsibility elements that we offer. We have a long, established track record working with Housing Associations and other Social Housing providers. The areas we cover are the West Midlands, London, Liverpool and Manchester.

Cleaning

Daily or weekly cleaning of work areas, IT and telecommunications equipment, carpet and floor cleaning, restroom cleaning, supply of hygiene products and services – soap, sanitary disposal, air fresheners, glass cleaning, gutter clearance and repair, high pressure steam cleaning.

Grounds Maintenance

Argonaut's dedicated grounds maintenance team provide a comprehensive service including landscaping, patio clearing and repair. Cutting and maintaining formal grass areas, cutting and maintaining general amenity grass, beds and shrubbery including edging, hoeing, digging and planting, landscaping, pruning shrubs, leaf and litter clearance, fencing and patio cleaning.

General Maintenance

We are able to offer a variety of general maintenance services: DIY (fitting blinds and curtains, putting up shelves, assembling furniture, fitting TV screens to the wall, and more). Plumbing (resolving dripping taps, bleeding radiators, unblocking sinks and toilets). Decorating (painting, re-sealing baths / showers, tiling, re-grouting, plastering, hanging wallpaper).
